## CLOUDBURST IN IOWA

HUNDREDS OF FAMILIES IN COUNCIL BLUFFS DRIVEN FROM THEIR HOMES.

### BUSINESS HOUSES FLOODED

PROPERTY LOSS ESTIMATED TO BE AT LEAST HALF A MILLION DOLLARS.

Council Bluffs, Ia., Aug. 27.—Two cloudbursts, one at dusk and the other at 9:30 o'clock last night, destroyed \$500,000 worth of property in Council Bluffs. The earlier storm turned the streets into creeks, and hundreds of families in the lower parts of the city escaped from their homes with difficulty. Many business houses were flooded.

The later storm raised the water higher and rained more property.

The rainfall for the twenty-four hours ending at midnight amounted to six inches.

The Northwestern railway is not running in or out of Council Bluffs.

The railway was washed out between Ida Grove and Battle Creek, Ia., and between Mapleton and Castana, Ia.

The Rock Island and the Milwaukee railroads are tied up. Both roads have washouts east of Council Bluffs.

The Nonpareil has reports from twenty-five Northwestern Iowa points showing the fall of rain has been so heavy over so large an area that the amount of damage to the corn crop cannot be estimated.

Street car traffic between Omaha and Council Bluffs was suspended for six hours.

### BUSINESS PLACES FLOODED.

Heavy Rainfall Throughout Eastern Nebraska and Western Iowa.

Omaha, Aug. 27.—There has been a record-breaking rainfall throughout Eastern Nebraska and Western Iowa during the past twenty-four hours. In Omaha the precipitation reached over two inches in three hours and flooded a number of places of business. Several streets were curbed full at one time and wooden pavement was washed from a number of streets. Basements and cellars suffered over the entire city. Farms were flooded in the country district and great damage done to unthreshed wheat.

### RESULT OF A RUNAWAY.

Jennie Montague Is Dead and John F. Bannon Is Insane.

Pawtucket, R. I., Aug. 27.—Jennie Montague, a telephone operator, is dead, and her companion, John F. Bannon, is said to be insane as a result of a runaway accident last night. For half a mile the pair clung to the seat in the carriage. Then the girl jumped, and a hundred yards further Bannon followed her example. Miss Montague died an hour later. Bannon escaped with painful body bruises, but as soon as he learned of his companion's condition he became mad with grief.

### DIES FROM HER INJURIES.

St. Paul Woman Falls or Jumps From a Second-Story Window.

St. Paul, Aug. 27.—Mrs. Herman Koke, forty years old, residing with her husband at 253 Colburn street, left her bed about 1 o'clock this morning and a minute later her body lay on a pile of rocks, twenty-five feet beneath a second-story window of the house. She had either fallen or jumped from the window. Her skull was fractured and she lived scarcely an hour.

Whether she was walking in her sleep or not is not known.

### REMARKABLE SPECTACLE.

Vesuvius Belches a Stream of Lava Seven Hundred Feet High.

Naples, Aug. 27.—The people of Naples and the environs witnessed a remarkable spectacle at noon Wednesday. One thousand feet below the central cone of Vesuvius the volcano opened like a huge mouth, out of which belched a fiery stream of lava, which ran down the side of the mountain and at first seemed to menace the observatory. The eruption occurred without any warning whatever. There was no earthquake, detonation or rain of ashes, nothing but a clear stream of lava and red-hot stones, which were thrown to a height of 700 feet, producing an extremely beautiful effect as seen from Naples. The stream of lava, which was fifteen feet broad at 11 o'clock last night, had covered a distance of 2,700 feet. It deviated later from the direction of the observatory, which is no longer menaced.

The only danger is for the new electric tramway up the volcano, which, however, has thus far not been touched. The eruption already seems to be decreasing, and it is hoped that no damage will result from it.

The spectators far enough away not to be frightened stood entranced at the spectacle, but those nearer to the volcano were seized by panic when the eruption began and rushed down from the sides of the mountain and from the adjacent country to the villages of Portici and Rosini, which are built over the ruins of Herculaneum. The alarm in these villages was somewhat quieted by the mayor affixing notices declaring that there was no danger and exhorting the people to remain calm.

The superstitious lower classes are agitating for the expulsion of Professor Krull of Munich, who predicted the eruption, declaring that he has the "evil eye."

### WILL FIGHT AND DIE HARD.

Sir Thomas Lipton Says He Has Not Yet Lost Hope.

New York, Aug. 27.—Sir Thomas Lipton said Wednesday afternoon in response to a telegram hoping that he would win today:

"I have not lost hope and I shall fight and die hard. If I cannot win I will take defeat in the proper spirit."

Sir Thomas said in response to a query as to whether he had asked to have a four-cornered race between Shamrock III, Reliance, Columbia and Constitution, that he had not made any suggestion, but if such a proposition should be made he would undoubtedly consider it. He did not care to have it understood that he was taking the initiative.

Shamrock III put up her mainsail and her club topail Wednesday afternoon, but did not leave her anchorage to go out. She stretched and dried them.

On Reliance there was not a move, and Mr. Mower, the club measurer, simply put a tape to the new gaff and declared it the same length as the old, so that her measurement was the same as before.

The wind at Sandy Hook at midnight was southeast, about three miles an hour. The sky is cloudy and the prospects for a race today appear poor.

### TELLS OF FORESTRY.

Secretary Wilson Delivers an Address at Minneapolis.

Minneapolis, Aug. 27.—An interested and appreciative audience greeted Secretary James Wilson of the United States department of agriculture, who addressed the National Forestry association at Plymouth Congregational church last evening. His unconventional, easy manner and the dry humor with which he frequently embellished his remarks created much amusement among his hearers.

Secretary Wilson reviewed the history of timber cutting in the United States and said that some means should be found to renew the supply.

He advocated the establishment of a forestry department in every agricultural college and a study of the soil in that department. He said every farmer should grow his own fuel, and everyone should plant a tree whenever possible.

Professor B. E. Fernow of Cornell university exploded a bombshell in the meeting when he presented a resolution looking for the repeal of the timber and stone act. After a lively discussion the resolution was tabled.

### AFTER A LONG SEARCH.

Former Deputy Revenue Collector of Massachusetts Arrested.

Philadelphia, Aug. 27.—Orrin J. Towne, Jr., a former deputy collector of internal revenue for the Eastern district of Massachusetts, was arrested Wednesday by government officers, charged with the defalcation of several thousands dollars. He waived a hearing before a United States commissioner and bail was fixed at \$5,000. He will be taken to Boston soon.

The government officers have been searching all over the country since last February for him, when he was dismissed from the service for cause. After his discharge the shortage was discovered. His bondsmen covered \$3,000 into the treasury, the amount for which they stood liable. Towne had been engaged in the brokerage business in Philadelphia for several months.

### CAPSIZED IN A STORM.

Schooner Willie L. Newton a Total Wreck Off Norwalk Light, Conn.

South Norwalk, Conn., Aug. 27.—The schooner Willie L. Newton of Bangor, Me., capsized off Norwalk light in a storm during the night and the crew, believed to number seven men, were drowned.

One body has been recovered.

## JOHNSON NOMINATED

SHIO DEMOCRATS SELECT THE MAYOR OF CLEVELAND AS STANDARD BEARER.

### BRYAN'S POLICY ENDORSED

ENDORSEMENT OF A SENATORIAL CANDIDATE FOLLOWS A PROTRACTED STRUGGLE.

Columbus, O., Aug. 27.—Tom L. Johnson's programme was carried out Wednesday in the Democratic state convention with little opposition except as to endorsement of a man for United States senator. A minority platform that did not endorse the Chicago or Kansas City platform was lost by more than 2 to 1. Bryan's national policy predominated as much as did Johnson's state ideas. The minority fought against Johnson and what they called Socialism for several hours, but the name of John L. Zimmerman of Springfield was not presented for the gubernatorial nomination, while every nomination on the state ticket was made by acclamation, although after it was announced that the name of Tom L. Johnson was the only one before the convention for governor, there were some dissenting Zimmerman votes on the resolution to make the nomination unanimous. But Zimmerman's supporters quit after the nominations for governor and senator had been made. Still the opposition by dilatory tactics kept the convention in session for seven hours. Following is the state ticket in full:

Tom L. Johnson for Governor.

Governor, Tom L. Johnson, Cleveland; lieutenant governor, Frank B. Niles, Toledo; supreme judge, Edward J. Dempsey, Cincinnati; attorney general, Frank S. Monnet, Columbus; treasurer, V. J. Dahl, Washington Court house; auditor, Charles A. Kloebe, Wapakoneta; school commissioner, J. H. Seerest, Ottawa; member of board of public works, T. H. B. Jones, Oregon; United States senator (endorsed), John H. Clarke, Cleveland.

While minority reports were made from the committee, the only fight that worried the Johnson managers was the senatorship. The only ballots forced on the dominant element were in that contest. The minority report on rules and order of business, which was intended to omit the endorsement of a senatorial candidate, was defeated by a vote of 211 ayes to 446 nays, and that was considered a test vote between Johnson and Zimmerman after all the contested seats had been decided in favor of the former.

On naming a man for senator Johnson's supporters were divided. Mayor Johnson and former Congressman Lentz have been close personally and politically for years, but an intensely bitter feeling existed between them Wednesday. Lentz openly accused Johnson with favoring for senator a man who had

### Voted Against Bryan.

The Zimmerman men had intended to vote for Clarke, the Johnson candidate for senator, as they said he represented their conservative views, but when Lentz opened a fight on Zimmerman's friends voted for Lentz for senator, thus driving Johnson's supporters to the second ballot. After the first ballot, which resulted Clarke 335, Lentz 225, Saltzgeber 125, Baker 11 and Russell 4, Johnson's followers made an effort to name Clarke on the second ballot. The vote for Saltzgeber represented the ultra silver men who were ardent supporters of Johnson. But they would support no man who had voted against Bryan.

M. E. Ingalls of Cincinnati had been endorsed by the Hamilton county delegation for senator and was the choice of the Zimmerman faction, but Ingalls and the unseated Hamilton county delegates, although in Columbus, did not attend the convention.

The speeches of Temporary Chairman Saltzgeber and of Permanent Chairman J. H. Goeke insisted that if the Democratic party were to change its policy to suit the times the change must be made by friends of the party and not by enemies. The result of the convention leaves the state committee 18 to 3 in the hands of the Bryan and Johnson adherents until next year, when delegates to the Democratic national convention are to be selected.

### SECOND DEMONSTRATION.

Enemy's Fleet Attempts to Counter-mine Portland Harbor.

Portland, Me., Aug. 27.—The enemy's fleet made the second demonstration against the harbor two hours before midnight, the evident purpose of which was to countermine the harbor. Two vessels, one of which was a torpedo boat destroyer, surrendered during the engagement. An attempt at landing was defeated. The attack concluded at 11:15, the vessels withdrawing to Half Way Rock, where at 1 o'clock eight had gathered. All lights were shown on the ships after the demonstration.

### Respite at the Last Moment.

Cuero, Tex., Aug. 27.—Standing upon the trap of the gallows, his hands and feet manacled and the sheriff adjusting the black cap, Sam Stiles was respite for two days by Governor Lanham. The negro was charged with having murdered Doomed Wards because of infatuation for his wife.

HAY FEVER'S CONQUEROR

Breathe Hyomei and Escape this Dreaded Summer Visitor.

By the use of Hyomei, you can save an expensive trip to the mountains and escape weeks of suffering. This remarkable remedy for the cure of hay fever, kills the germs of the disease, soothes and heals the irritated mucous membrane, if used two or three weeks before the time of the usual appearance of hay fever will prevent the attack.

The complete Hyomei treatment consists of a neat pocket inhaler, through which Hyomei is breathed, a bottle of Hyomei and a medicine dropper. The air taken into the lungs in this way is filled with healing balsams and forms a perfect safeguard against attacks of hay fever or rose cold.

Those who have had hay fever, know how little help can be had by stomach dosing in this disease. Hyomei is the only scientific yet common sense treatment for this trouble.

It is easy enough for any one to say that a remedy will give satisfaction, but H. P. Dunn & Co. offer to refund the money if Hyomei does not do all that is claimed for it, certainly inspires faith in the treatment.

Hyomei really gives you in your own home a change of climate, and hay fever sufferers know from past experience that this has been the only thing that afforded them relief. By breathing Hyomei a few times daily you can save the expense and trouble of a mountain trip and avoid all danger of hay fever. 55

Engineer and Fireman Killed.

Ashtabula, O., Aug. 1.—A crown head on a Lake Shore freight engine burst Tuesday, killing Engineer Britt and Fireman Burns.

WIND PLAYED  
OUT--NO RACE.

The following bulletins on the yacht race have been received:

Highlands 8:00 a. m. The wind is east and flat. There is a rolling sea.

10:30 a. m. Committee boats hoists the code flags indicating the race of 15 miles to windward and return.

11:15 Reliance crosses first at 11:05 a. m.

11:20 a. m. The Shamrock has come around to port tack. Reliance has also home about. The sea almost dead flat where they are sailing.

11:30 a. m. Reliance is leading by a full half mile.

11:36 a. m. After half hours sailing the boats are about 1 1/2 miles from light ship. They are now on port tack standing in towards Jersey coast.

11:45 a. m. Reliance has picked up a puff of wind and is moving very fast. Both are on port tack.

11:53 a. m. As Capt. Wringe stood along to eastward he found he was working in lighter air so he brought boat to port and Reliance followed. Reliance gained steadily on Shamrock and in forty minutes of sailing has increased her lead to about a minute and a half.

11:55 a. m. Reliance still gaining.

12:17 p. m. It now looks as if the boats would be about able to finish before the expiration of time at half past four.

12:50 p. m. The Reliance will win today's race easily barring a fluke.

1:10 p. m. Wind has freshened to 8 knots and holds along from the S. E. Reliance continues improving her position and is now four minutes in the lead.

1:48 p. m. The yachts have rounded the outer mark and the excursion fleet is now headed this way preparing to see the finish.

4:20 p. m.—It only lacks ten minutes until time limit expires, and it will be impossible for the yachts to finish within the time the wind having completely died out and there will be no race.

Glasgow. A movement is on foot, in case Shamrock 3rd fails to win to have Clyde yachtsmen present an international cup and invite Americans to compete on this side of the Atlantic. It is desired to have the conditions the same.

HOSPITAL ATTACHEE AWAKENED BY
"MAMMA, MAMMA DON'T HURT ME"

And the Sounds of Terror Seemed to Die Very Abruptly

MOTHER TESTIFIES

Slight Eruption at Jail Last Night Created furor for a Time.

The case of the state against Mary J. Williams, John Burridge and George Dill, charged with the murder of little two-year and a half old Lilly Williams on Sunday morning last, was called this morning before Judge Warner of the municipal court. The crowd made a jam so great that it was necessary to take the case to the large court room at the court house. This room too was soon filled to overflowing, and many were not able to get inside.

County Attorney Crane, after the case had been called, informed the court that he had retained Judge S. F. Alderman to assist him in the case. Judge Alderman conducted the examination this morning.

The three prisoners were brought in to court at promptly 10 o'clock. Mrs. Williams showed no signs of being particularly distressed at her position. She looked the morbid crowd over with a sort of peculiar interest that was disheartening in view of the episode of the last three or four days. John Burridge seemed to be the most nervous, and his face was slightly flushed. Geo. Dill had more of a marble face and seemed to take the whole affair as a huge joke. Asked if they had counsel, Burridge said they could get a lawyer, but he did not think that it was necessary.

The case was then called and Mrs. Williams, the mother of the dead child, was the first to be called. She said in part:

"My full name is Mary J. Williams, and I was born in Illinois. I have resided in Brainerd about five years. I was married at Morris on March 15, 1899, to Albert Williams. Just one child was born. Her name was Lilly Adelaide Williams. She is not now living. She died Sunday morning at 3 o'clock. My husband started a week ago last Monday for Grandin to work in the harvest fields. We were not on friendly terms when he left. He said he would return next fall. I was in Brainerd on Saturday last. I left home in the evening from my mother-in-law's home, Friday. I was put out of the house. A police officer put me to bed in the Stratton hotel. I went to Mr. Hill's house Saturday morning, he having given me permission to stay there temporarily. I got Mr. Hill to get my trunk from my mother-in-law's. I took dinner at Mr. Hill's and then came down town and it was after six when I went after my supper. After supper I told Mr. Hill I was going down town; that Jack Burridge had told me he was going to find me a place to work. He is the man there with a blue shirt on. I met him first on Friday night and I told him I was turned out. He said he could find me work. He took me to my mother-in-law's about 10 o'clock. He did not go in the house with me. Mrs. Williams, my mother-in-law, turned me out because I was running around with Will Skinner the night before and she said that he was trying to break up my home. We had a big row and she told me I had better take my clothes and go.

"I came down town on Saturday night and met Burridge at the corner of Laurel and Sixth, and he said he was going to get his check cashed. This was just after the nine o'clock bell rang. When we met again on the corner of Sixth and Front. Between the time I met him on Sixth and Laurel and the time I met him on Sixth and Front, it was about 2 hours. Shortly afterwards Burridge gave me an introduction to Geo. Dill in the alley back of Dewar's saloon. After that we went into the alley where they wanted to tell me about the place they were going to get for me to work. My child was with me all the time. Burridge asked if I thought too much of my husband to come with them; or whether I thought enough of him to leave my husband and get rid of my little baby. I told him I did not want to get rid of my little baby; that I would not part with my darling.

The testimony given by Mrs. Williams was about the same as given before the coroner's jury, except as to details regarding the wanderings of the trio after they left the alley between Front and Laurel.

One of the most important things brought out was the testimony relating to what Burridge said when the trio got ready to leave the park. Mrs. Williams testified that Burridge said: "Take the kid and do what I told you. Then come back to Holden's saloon."

The testimony covering the conversation between the trio as relating to what Mrs. Williams claimed the men wanted

her to do with the child, brought out some new points. She said that in walking over to West Brainerd, Dill said he thought she ought to think enough of him to put the kid out of the way. Asked what he wanted to do after the child was put out of the way she said that Dill wanted her to go to Minneapolis and Duluth; he wanted her to go with him to the state fair. While Dill was across the river with her she claims that he was very affectionate to her, as also was Burridge in the city park. She said after the midnight train passed through she wanted to go home but Dill would not listen to her.

Continuing her testimony covering the journey from the point west of the hospital back to the river she said:

"When we got near the hospital Lilly woke up and I put her down. She cried 'Oh mamma, mamma.' Dill then carried her for a distance but I took her again. We then went over and sat down under a clump of Jack pines on the east side of the river. All the way back Dill talked to me how nice it would be if I would leave my husband; he would try to make me a home. When we first went down we put Dill's coat and my skirt around the baby and she lay on the ground. The baby laid on the ground about half an hour. He went down to the river to wash his hands and get a drink of water and while he was gone the baby awoke and she began to cry and said she was hungry. I told her not to cry that I would take her home and feed her soon. When he returned he said that I and my baby would have to part. I said, 'How can I part with my dear baby?' He said I have been hired to do this and I am going to do it. He had taken the baby out of my arms by this time and he told me he would murder me in cold blood if I told a word about this. He wanted me to go to the river but I could not see him throw my baby into the river. The child was asleep and he took it and gave it three swings and threw it into the river."

AFTERNOON SESSION.

Mrs. Williams resumed her testimony this afternoon, the particular ground covered being her movements after she woke up on Sunday morning. She testified that she went to the home of George Dill immediately after leaving the bank of the river. After finding Chief Sargent she testified that she went to the Salvation Army. She went there she said because her brother-in-law was at the meeting. From there she and a number of friends went down to the bank of the river where she showed them all where she had stayed all night and told them with whom she had stayed. She testified that she told them that she had lost her child and that someone had taken her away from her in the night. She said that she also told them what her husband had said to her before leaving for North Dakota, that he would send someone to get the baby and have her taken away.

The witness got pretty well tangled up on her roving after she left the river bank. She testified finally after passing over all the events of the morning, that the first place she went was to Jack Burridge's home. She saw his mother and the latter said he was not at home, but had gone to work. Then witness testified as to her going to Dill's home. She said after seeing him she started to cry and said, "My little child has been taken away from me and I want you to come and show me where she is."

Witness testified that she and Dill returned to the scene of the tragedy after they had eaten breakfast; she said her object in going to the river again was to get him to tell her where, or about where the child had been thrown into the river. She said she knew at that time it was impossible that the child was living. She saw Burridge for the first time Sunday in front of R. Parker's store. He told her something about being a chief of a funny woman to send for Chief Sargent. After being locked up in jail she said she told Burridge she had told Officer Derocher that he had killed her child. He retorted that she lied.

She testified that she had a conversation with Dill in the jail on Sunday afternoon before Burridge was brought in; she said that Dill told her that Burridge had hired him, (Dill) to do away with the kid, and as soon as he had done this to go to Dee Holden's where he, (Burridge) would make it right with him. Witness testified that both Burridge and Dill had been drinking Saturday night but that she had not taken a drop.

CRIOES OF, "MAMMA DON'T HURT ME" HEARD Miss Eda Gilkerson, stenographer at the N. P. Sanitarium, testified being awakened by the crying of a child between 3 and 4 o'clock Sunday morning. Witness heard distinctly the child yell out, "Mamma, Mamma don't hurt me" with a shriek of terror. Again she heard the cries of "Mamma." The cries continued for about five minutes and ceased very abruptly.

Attorney W. H. Crowell has been retained by Burridge and Dill this afternoon, they believing after hearing some of the testimony that their case was

somewhat more serious than was at first thought.

The remains of little Lilly Williams were laid to rest yesterday afternoon, the Salvation Army giving it an eminently respectful burial.

A sensational feature of the case was an attempted attack on the county jail by a mob of boys and men, who made all kinds of threats and created considerable excitement by firing off revolvers throwing rocks, etc. It is supposed the melee was really started by some boys more in fun than anything else, but it nearly culminated in something more serious, for some older men took the cue and followed the kids. Sheriff Erickson promptly quieted the crowd and they dispersed without further trouble.

MUSIC AND DRAMA.

S. MILLER KENT.

A noteworthy event in this season's theatricals will be the appearance of Mr. S. Miller Kent, at the Brainerd theatre this evening in a new production, by E. E. Rose, entitled "Fighting Bob," in which, it is said, Mr. Kent will have ample opportunity to display his talents. "Fighting Bob" is a comedy drama in four acts, the scenes being laid in Mexico and South America; it is by Edward E. Rose, who made the dramatizations of "Janice Meredith," "Alice of Old Vincennes," "The Pride of Jennico," and other successes.

Mr. Kent will be seen in the character of Robert Rensselaer, a student of Yale, and commonly known among his friends as "Fighting Bob." A carefully selected company will assist Mr. Kent in making this performance an evening of delightful enjoyment. Everything in the way of scenery and effects is carried by this organization to make the performance complete in every detail. The sale of seats has been very good, and there is sure to be a large audience out tonight. The curtain will rise sharp at 8:15.

"AN AMERICAN HOBO."

"A Poor Relation" which made Sol Smith Russell famous, is by the author who wrote "An American Hobo," the romantic comedy which will be seen at the Brainerd theatre tomorrow night. In it the author touches that well-spring of emotion, the heart, and also causes laughter to chase away the tears that come unbidden during the unfolding of the play's intensely interesting story.

Its scenes are said to be so funny, its comedy so bright and its specialties so clever that you will regret if you don't see it.

"DOWN MOBILE."

Lincoln J. Carter's popular melodrama "Down Mobile" will again be seen at the Brainerd theatre on next Monday August 31.

For not one instant after the curtain raises does the story of this picturesque drama or the acting of the parts fail to receive the keenest attention or fails to elicit a round of applause at every supreme moment. In fact, the audience is kept in a fever of excitement, anxious and enthusiastic for the development of the plot, and awaiting with intense interest for the raising of the curtain on every new act.

G. W. VANDERSLICE'S SUCCESSOR NAMED

E. C. Blanchard, of the Minnesota Division, to Succeed to Superintendency

OF THE SUPERIOR DIVISION.

M. M. Fowler is to Succeed E. C. Blanchard on the Minnesota Division.

The announcement has been made, though not official, that Edwin C. Blanchard will succeed George W. Vanderslice as superintendent of the Superior division of the Northern Pacific railroad.

The resignation of Mr. Vanderslice, which was placed in the hands of the Northern Pacific railroad at St. Paul Saturday morning, has not been officially accepted as yet, though Mr. Vanderslice is in possession of information that the official notices will be issued in a short time.

Mr. Vanderslice is anxious to get away, and expressed himself as impatient to take up the new duties he will assume on the Rock Island, superintendent of an important division.

Edwin C. Blanchard is about as well known on the Superior division as any railroad man who was ever here. He was chief dispatcher in the Northern Pacific offices at Duluth when the eastern terminat of the line was at Duluth and there was no direct twin city connections. He was made superintendent of this division in 1899, and remained until the middle of that winter, when upon the acquiring of the St. Paul & Duluth line, the Northern Pacific sent Mr. Vanderslice here to take charge of the terminal and both branches of the road out of Duluth, and Mr. Blanchard was transferred to Minneapolis.

Ever since that Mr. Blanchard has been at Minneapolis, superintendent of the Minnesota division.

The appointment of Mr. Blanchard will not be made an official announcement till the first of the month.

M. M. Fowler, at present assistant superintendent of the Minnesota division of the Northern Pacific, with headquarters in St. Paul, will become superintendent of the division, and will move his headquarters to Minneapolis, to succeed E. C. Blanchard, who goes to Duluth to succeed G. W. Vanderslice, of the Superior division. The position of assistant superintendent will probably go to J. E. Craver, at present chief dispatcher of the Minnesota division.

NEW BRIDGE AT FT. RIPLEY

Contract Let for the Construction Connecting Crow Wing and Morrison Counties.

The Little Falls Transcript says: "Last Friday the town board of Clough let the contract to the Hewitt Bridge company, of Minneapolis for the removal of the old Little Falls wagon bridge to Ft. Ripley and its reconstruction for \$4,000, the bridge to be completed by March 1, 1904.

"The bridge will be of the same dimensions as when built in Little Falls—two spans with a total length of 384 feet, with a 19-foot roadway. There will be no sidewalks on the rebuilt structure as the number of pedestrians would not warrant special accommodations.

The bridge will be constructed across the Mississippi on an extension of the line between sections 6 and 7 in the fractional township of Clough, town 131, range 29. This will bring the east end of the bridge a few rods north of the mouth of Nokasippi river.

"The contract includes the construction of a substantial and well protected pier in the river, and two abutments at the shore. All defective timbers are to be replaced with Washington fir, and the iron work put in perfect condition. The bridge will be placed about ten feet above high water. The contract price is regarded as a reasonably low one. The completion of this bridge will be of great benefit to settlers of the north central part of the county.

"When Little Falls decided to build a new steel bridge a movement began in the northern part of the county to secure the old bridge for removal to the Ft. Ripley neighborhood. Crow Wing county people co-operated, as it was of advantage to a portion of them. Morrison county purchased the Little Falls bridge and gave it to the town of Clough with the understanding that it was to be reconstructed near Ft. Ripley. The county commissioners of Crow Wing county made \$800 available to aid in rebuilding this bridge. The citizens of Ft. Ripley and neighborhood subscribed from \$800 to \$800. The state legislature last winter appropriated \$1000 to aid this bridge. It is understood the authorities of Rail Prairie town have agreed to aid Clough to the extent of about \$500 in meeting the obligation of the contract. The new bridge will be of as great a benefit to parts of Rail Prairie as it will be to Clough."

The sale of seats has been very good, and there is sure to be a large audience out tonight. The curtain will rise sharp at 8:15.

"AN AMERICAN HOBO."

"A Poor Relation" which made Sol Smith Russell famous, is by the author who wrote "An American Hobo," the romantic comedy which will be seen at the Brainerd theatre tomorrow night. In it the author touches that well-spring of emotion, the heart, and also causes laughter to chase away the tears that come unbidden during the unfolding of the play's intensely interesting story.

Its scenes are said to be so funny, its comedy so bright and its specialties so clever that you will regret if you don't see it.

"DOWN MOBILE."

Lincoln J. Carter's popular melodrama "Down Mobile" will again be seen at the Brainerd theatre on next Monday August 31.

For not one instant after the curtain raises does the story of this picturesque drama or the acting of the parts fail to receive the keenest attention or fails to elicit a round of applause at every supreme moment. In fact, the audience is kept in a fever of excitement, anxious and enthusiastic for the development of the plot, and awaiting with intense interest for the raising of the curtain on every new act.

The Death Penalty.

A little thing sometimes results in death. This a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at H. P. Dunn & Co. drug store.

G. W. VANDERSLICE'S SUCCESSOR NAMED

E. C. Blanchard, of the Minnesota Division, to Succeed to Superintendency

OF THE SUPERIOR DIVISION.

M. M. Fowler is to Succeed E. C. Blanchard on the Minnesota Division.

The announcement has been made, though not official, that Edwin C. Blanchard will succeed George W. Vanderslice as superintendent of the Superior division of the Northern Pacific railroad.

The resignation of Mr. Vanderslice, which was placed in the hands of the Northern Pacific railroad at St. Paul Saturday morning, has not been officially accepted as yet, though Mr. Vanderslice is in possession of information that the official notices will be issued in a short time.

Mr. Vanderslice is anxious to get away, and expressed himself as impatient to take up the new duties he will assume on the Rock Island, superintendent of an important division.

Edwin C. Blanchard is about as well known on the Superior division as any railroad man who was ever here. He was chief dispatcher in the Northern Pacific offices at Duluth when the eastern terminat of the line was at Duluth and there was no direct twin city connections. He was made superintendent of this division in 1899, and remained until the middle of that winter, when upon the acquiring of the St. Paul & Duluth line, the Northern Pacific sent Mr. Vanderslice here to take charge of the terminal and both branches of the road out of Duluth, and Mr. Blanchard was transferred to Minneapolis.

Ever since that Mr. Blanchard has been at Minneapolis, superintendent of the Minnesota division.

The appointment of Mr. Blanchard will not be made an official announcement till the first of the month.

M. M. Fowler, at present assistant superintendent of the Minnesota division of the Northern Pacific, with headquarters in St. Paul, will become superintendent of the division, and will move his headquarters to Minneapolis, to succeed E. C. Blanchard, who goes to Duluth to succeed G. W. Vanderslice, of the Superior division. The position of assistant superintendent will probably go to J. E. Craver, at present chief dispatcher of the Minnesota division.

NEW BRIDGE AT FT. RIPLEY

Contract Let for the Construction Connecting Crow Wing and Morrison Counties.

The Little Falls Transcript says: "Last Friday the town board of Clough let the contract to the Hewitt Bridge company, of Minneapolis for the removal of the old Little Falls wagon bridge to Ft. Ripley and its reconstruction for \$4,000, the bridge to be completed by March 1, 1904.

"The bridge will be of the same dimensions as when built in Little Falls—two spans with a total length of 384 feet, with a 19-foot roadway. There will be no sidewalks on the rebuilt structure as the number of pedestrians would not warrant special accommodations.

The bridge will be constructed across the Mississippi on an extension of the line between sections 6 and 7 in the fractional township of Clough, town 131, range 29. This will bring the east end of the bridge a few rods north of the mouth of Nokasippi river.

"The contract includes the construction of a substantial and well protected pier in the river, and two abutments at the shore. All defective timbers are to be replaced with Washington fir, and the iron work put in perfect condition. The bridge will be placed about ten feet above high water. The contract price is regarded as a reasonably low one. The completion of this bridge will be of great benefit to settlers of the north central part of the county.

"When Little Falls decided to build a new steel bridge a movement began in the northern part of the county to secure the old bridge for removal to the Ft. Ripley neighborhood. Crow Wing county people co-operated, as it was of advantage to a portion of them. Morrison county purchased the Little Falls bridge and gave it to the town of Clough with the understanding that it was to be reconstructed near Ft. Ripley. The county commissioners of Crow Wing county made \$800 available to aid in rebuilding this bridge. The citizens of Ft. Ripley and neighborhood subscribed from \$500 to \$800. The state legislature last winter appropriated \$1000 to aid this bridge. It is understood the authorities of Rail Prairie town have agreed to aid Clough to the extent of about \$500 in meeting the obligation of the contract. The new bridge will be of as great a benefit to parts of Rail Prairie as it will be to Clough."

## FOR NEW DEPARTURE

AUSTRIA AND RUSSIA PLANNING

TO SUPPORT REFORM SCHEME

IN MACEDONIA.

WAR NOT THE ONLY REMEDY

TURKISH TROOPS ORDERED TO

PURSUCE REVOLUTIONISTS

INTO BULGARIA.

London, Aug. 27.—The Sofia correspondent of the Times, discussing the situation in the Balkans, says a war between Turkey and Bulgaria is no longer regarded as the only remedy. It seems probable that in order to save appearances, Austria and Russia will support an amplified reform scheme. It is quite clear that a new departure must be made.

The visit of the czar to Vienna is expected to mark a new stage in the policy of the two powers.

It is reported from Adrianople that the troops are using petroleum to burn the forests sheltering the insurgents. It is also stated that the Turkish officers have received orders to pursue the rebels into Bulgaria.

Telegrams from Burgas, Turkey, seventy-six miles northeast of Adrianople, state that a Russian cruiser has entered that port.

Excitement is increasing in Serbia, continues the correspondent of the Times, on account of the Macedonian rebellion. The Radical leaders are inclined to advocate the establishment of an autonomous government in Macedonia, provided due allowance is made for Serbian claims in the district north of Shar. The large insurgent successes are hailed with enthusiasm. The Sixth regiment, notorious for its share in the conspiracy against the late King Alexander, is especially eager for war, and it seems not improbable that King Peter, yielding to military dictation, may eventually place himself at the head of the warlike movement.

The Vienna correspondent of the Times says the Balkan outlook is daily darkening, and Turkey is taking precautions for the safety of Constantinople.

SEVENTY VILLAGES PILLAGED.

Revolting Outrages Perpetrated by the Turks.

Sofia, Aug. 27.—The Macedonian committee has issued a black bordered list of seventy villages which have been pillaged and destroyed in the vilayet of Monastir, to which are added instances of revolting outrages perpetrated on women. The publication of this sheet has created a sensation.

No news has been received in official circles Wednesday from the interior of Macedonia. The revolutionists at Krashovo are reported to have six quick-firing guns. In a single fight which has just occurred in that district the insurgents defeated and slaughtered an entire detachment of eighty soldiers. A Turkish courier carrying 40,000 francs intended for the pay of troops has been captured by insurgents near Surovitschovo.

The rebels have blown up an iron bridge over a deep ravine on the high road between Losengrad, and Demirgheband.

An immense mass meeting of Macedonians took place here Wednesday. The proceedings were most enthusiastic. It was resolved that a memorandum should be presented to the representatives of the great powers at Sofia, urging their governments to intervene.

The secret visit of the Russian squadron to Turkish waters was much commented upon at the meeting. It was described as "a moment of sunshine which quickly passed."

OFFICERS CONDEMNED TO DIE.

King Peter Determined to Suppress Military Malcontents.

London, Aug. 27.—The Daily Mail's correspondent at Belgrade says King Peter is determined to suppress the military malcontents with an iron hand. On Tuesday three army colonels, two captains and a newspaper editor were condemned to death for participation in a plot which was discovered and rendered abortive. Despite this, however, says the correspondent, the king is obviously in the hands of the recent regicides, who are causing a veritable reign of terror.

DIES FROM BLOOD POISONING.

Wisconsin Man Who Was Recently Bitten by a Rat.

Cambria, Wis., Aug. 27.—David G. Williams, aged sixty-three years, who was bitten by a rat two weeks ago, died during the day from blood poisoning which resulted from the bite. Mr. Williams was a member of the lower house of the last legislature. He served in the Civil war.

Doherty Defeats Clothier.

Newport, R. I., Aug. 27.—H. L. Doherty, the English lawn tennis champion, Wednesday defeated W. J. Clothier of Philadelphia in the finals of the national tournament here, 6-3, 6-2, 6-3. The victory was an easy one for the English player. Doherty will meet W. A. Larned for the championship here today.

Alberta Wins the Third Race.

Oshkosh, Wis., Aug. 27.—Alberta, the Neenah yacht, won the third championship race for the inland lakes yesterday regatta Wednesday, defeating Comet II by seven minutes and by Kayashk by ten minutes. In Class B Venture, representing Oconomowoc Lake, defeated Pluto after a sensational race by three minutes.

Mother and Baby Dead.

Pasadena, Cal., Aug. 27.—Mrs. Edward W. Hitchings, thirty-one years old, wife of the owner of the New York Commercial, died here Wednesday at the family home. Her newly-born baby also died.

## BRITISH EAST AFRICA COLONY.

Jews Will Send a Committee to Investigate the Situation.

Basle, Switzerland, Aug. 27.—The debate in the Zionist congress on the British proposal to set apart a portion of British East Africa for colonization by the Jews closed Wednesday. The congress, by 225 votes to 20, adopted a resolution to appoint a committee of nine which will be sent on an expedition to East Africa to investigate the situation. The Russian delegates opposed the project and left the hall as a protest.

The territory that Great Britain has offered for Jewish colonization is an elevated tract 200 miles long on the Uganda railroad, between Mau and Nalroli. Sir Harry Johnston, former special commissioner for the Uganda protectorate, in his report on the country described this region as almost unparalleled in tropical Africa, being admirably watered, fertile, cool covered with noble forests, almost uninhabited, and as healthy for Europeans as Great Britain.

WILL DISCARD THE KRAG.

Government to Adopt the Improved Springfield Rifle.

Chattanooga, Tenn., Aug. 27.—The announcement is made here by a member of the special board appointed by the ordnance department to make rifle tests at Buffalo that the United States government will, in a few days, issue formal announcement of the adoption of the improved Springfield rifle and the discarding of the Krag. The decision was reached after a long series of tests by the board and the report was accepted and approved by the ordnance department. It is necessary that the action be approved by the general staff and it is said that the announcement will be made in a few days. The weapon adopted will be seven pounds in weight, while the Krag now in use weighs nine. The Krags will be distributed to the militia of the various states.

DISREGARDED THE RULES.

Coroner's Jury Blames St. Paul Mortician for Fatal Accident.

St. Paul, Aug. 27.—The verdict of the coroner's jury returned last night at the morgue on the death of Truckman Patrick Fleming, who died Monday noon from the effects of a collision between a wrecking car of the Twin City Rapid Transit company and Hook and Ladder Truck No. 1 Sunday afternoon at the intersection of Sixth and Seventh streets, is that Mortician Lewis Hoffman disregarded the rules of the company requiring all cars going west to stop at the east side of Sixth street, and that the car at this point was running at a speed dangerous to the public safety.

Hoffman was arrested on a charge of criminal negligence.

DE WYCKOFF ACQUITTED.

American Lawyer Innocent of Misappropriating \$10,000.

Havana, Aug. 27.—The criminal court has acquitted Joseph De Wyckoff, an American lawyer, of the charge of misappropriating \$10,000 sent to him by Michael J. Dady of Brooklyn for the purpose of securing an option on the aqueduct of Cienfuegos. The purchase was not consummated and De Wyckoff did not return the money. The contention of the defense was that the power of attorney given by Dady to De Wyckoff was not special, but general; that Dady owed De Wyckoff more than \$10,000, and that De Wyckoff was justified in applying the money to that account.

CRAZED BY THE HEAT.

Kentucky Negro Attacks a Fellow Workman With a Pickaxe.

Louisville, Ky., Aug. 27.—Driven insane by the heat, Wednesday, Ernest McQuade, a negro track layer employed by the Louisville City railway, struck Waverly Thomas, a fellow laborer, on the head with a pickaxe. Reuben James, in attempting to get beyond the reach of McQuade, released a crowbar under a rail which, in springing up, cut a deep gash in James' neck. The injuries of Thomas and James are believed to be fatal.

MISAPPROPRIATED A MILLION.

Charge Against Howard T. Goodwin, Who Suicided Last December.

Philadelphia, Aug. 27.—A bill in equity was filed in the county court here Wednesday by Cassatt & Co., bankers of this city, against the widow of the late Howard T. Goodwin, in which it is alleged that Goodwin misappropriated about \$1,000,000. Goodwin had been employed as manager for the firm for a long period and committed suicide last December.

HAUL FOR HIGHWAYMAN.

Lone Robber Takes \$10,000 From an Oregon Stage.

Baker City, Ore., Aug. 27.—A lone highwayman held up a stage running from Whitney to Canyon City and got about \$10,000.

One-third of this amount was in an express package and the remainder registered mail. He took \$50 in currency from two passengers on the stage.

Blue River Rising Rapidly.

Manhattan, Kan., Aug. 27.—Great volumes of water are pouring down the Blue river and the current was never known before to be so swift. Much driftwood is floating down. The river continues to rise at a rapid rate. No trains have reached Manhattan from the north since Saturday.

Unknown Man Killed.

Emporia, Kan., Aug. 27.—An unknown man killed here Wednesday by a Santa Fe passenger train had a ticket in his pocket showing that he was traveling from Minneapolis to Denver. The only name found on his person was that of Vincent Gerald, 127 Union avenue, Minneapolis.

Body of Albert E. Sivyer Found.

Nantucket, Mass., Aug. 27.—The body of Albert E. Sivyer, the seventeen-year-old son of F. W. Sivyer of Milwaukee, who was drowned by the capsizing of a sailboat last Saturday, was found Wednesday on the North shore of Coteau by a Nantucket fisherman.
